Boltaflex Upholstery with Prefixx Finish

Nautilus equipment features seat pads, back pads, roller pads and cushions covered in durable **Boltaflex** vinyl fabric with a protective finish. **Prefixx** finishing provides outstanding stain resistance and cleanability features.

Durability

The state-of-the-art **Prefixx** finish passes the industry standards Wyzenbeek abrasion resistance test.

- **Prefixx** finish withstands 400,000 cycles using a #8 cotton duck and 60,000 cycles using a steel wire screen.
- Treated upholstery has outstanding resistance to staining, abrasion, burnishing and scuffing.

- Exclusive finish eliminates and prevents premature aging.

Antibacterial

Boltaflex, with **Prefixx** finish, provides outstanding protection in health and fitness environment.

- Treated fabric is resistance to oil, mildew and sulfide stains.
- **Boltaflex** is formulated to protect the vinyl from degradation due to bacteria or fungus.
