(Includes 1 Computer, Monitor, Software, 1 Printer, On-site Installation and Training and
CME Accredited Training for Two Therapists at the University of Florida in Gainesville.)

Function   All machines provide both specific functional testing and specific rehabilitative exercise.

Warranty   Includes retrofitting of all mechanical improvements for five years following delivery; continuous computer software updates and improvements for ten years following delivery; standard one year warranty on IBM computer components. For warranty details contact MedX.

*Prices do not include delivery or sales taxes.

† Two-machine packages include both machines (as listed above) connected to the same computer. The computer serves both machines, but not simultaneously. A saving of $8,500.00 is provided by using only one computer for two machines.
